

Alessandro Danielis received the B.Sc. and M.Sc. degrees both in biomedical engineering in 2009 and 2012 respectively, and the Ph.D. degree in 2015 from the University of Rome “Tor Vergata”.

From 2012 to 2015 he collaborated with the Laser Application for Diagnostics and Metrology Department of ENEA, the Italian national agency for new technologies energy and environment.

Dr. Danielis is currently research fellow at the Institute of Information Science and Technologies of the National Research Council of Italy.

His current research interests are in the area of image processing, applied mathematics, colorimetry, 3D laser scanning and pattern recognition.
