

Dr. H. R. Chitme M. Pharm (Pharmacology), Ph.D.
Professor of Pharmacology
Department of Pharmacy
Oman Medical College
Bausher Campus, Muscat
Sultanate of Oman

- Dr. H. R. Chitme is a Professor of Pharmacology at Oman Medical College since 2007. He completed his Ph.D. studies from Bundelkhand University (MLB Medical College) Jhansi, India. He has a good level of knowledge and experience in the field of pharmaceutical care plan evaluation and prescription analysis. He has authored 31 research articles and 4 review articles in well reputed indexed National and international journals. He has presented many scientific papers at national and international conferences. He supervised 1 PhD thesis, 12 masters (research), 25 graduation (research projects) works and 2 funded research projects. In consideration of the importance of clinical pharmacy, clinical therapeutics and pharmaceutical care in Oman, he shifted his research work to this field. He has more than 13 years of teaching and research experience at various institutes. In 2011 he had been nominated for Bharat Jyoti award by India International Friendship Society, New Delhi. One of his research paper published in Indian Journal of Pharmaceutical Sciences was adjudged as *Best Paper for 2001-2002* by Indian Pharmaceutical Association. He is life member of professional bodies like Indian Pharmaceutical Association, Indian Hospital Pharmacist Association, Indian Pharmacological Society and Fellow of Indian Rural Health Society. He was invited to deliver lectures in India and Oman at various conferences. Dr. Chitme has chaired seven scientific sessions in India and Oman. Currently, he is actively involved in teaching, and research at Oman medical college. He is also serving as associate editor-in-chief, member of scientific journal editorial boards, advisor of scientific journal advisory boards and reviewer of journal review boards.
