Panagiotis Andrikopoulos is a Principal Lecturer in finance at Leicester Business School, De Montfort University and the Finance Subject Leader for the Faculty of Business and Law. His main teaching and research interests are in the areas of investment theory and portfolio management, asset pricing, behavioural finance and strategic financial management. He was one of the founders and main contributors in the construction of a survivorship and look-ahead biases-free database of the UK officially listed market (*UK Equity Database*) and is currently applying the new database in a number of joint research projects with colleagues. He is currently a member of the European Finance Association, the IADIS, the Southern and South-western Finance Association, the British Accounting Association, and a member of the Editorial Advisory Board of the Journal of Money, Investment and Banking and the International Journal of Financial Economics and Econometrics. Recent publications have been in the European Journal of Finance, ICFA Journal of Behavioural Finance and Journal of Economics and Business.
