

Saeed Erfanian A.

Nationality

- Iranian

Education

Ph.D. in Communication Systems Engineering

M.Sc. in Communication Systems Engineering

B.Sc. in Electronics Engineering

Research Interests

Signal Estimation and Detection

Statistical Signal Processing

Application of Joint Time Frequency Transform Processing

Practical work experiences

Digital Signal Processors

Design of analog and Digital electronic circuits

Electronic instrumentation and data acquisition

Use of software packages including: MATLAB (Simulink), C and Proteous.

Journal reviewer

- Academic Members of Athens Institute for Education and Research
- Elsevier Signal Processing
- Iranian Journal of Electronic Engineering
- International Journal of Communication Systems
