RE: A Symposium on *the Future Developments and Prospects of Engineering and Science Education & Research in a Global World*, Monday 19 June 2017, Titania Hotel, (52 Panepistimiou Avenue) Athens, Greece

The Athens Institute for Education and Research (ATINER) has hosted a Symposium on:

“The Future Developments and Prospects of Engineering and Science Education & Research in a Global World”

The event took place on **Monday 19 June 2017** at **17:00**, Titania Hotel, (52 Panepistimiou Avenue), Athens, Greece

Speakers:

1. **Dr Abhijit Deshmukh**, James J. Solberg Head and Professor, School of Industrial Engineering, Purdue University, USA. “Convergence of Knowledge”.
2. **Dr Anthony Koutoulis**, Professor & Head of School of Biological Sciences, University of Tasmania, Australia. “The Future Developments and Prospects of Biology Education and Research in a Global World – a Tasmanian and Australian context”.
3. **Dr LuAnn Carpenter**, Director, Student Program Assessment and Administration, Industrial and Systems Engineering, Auburn University, USA. “Issues and Trends in Engineering Education at Auburn University, Alabama, United States of America”.
4. **Dr David H. Sanders**, UNR Foundation Professor, Past-Chair UNR Faculty Senate, Department of Civil and Environmental Engineering, University of Nevada, Reno, USA. “Is the Future for Higher Education bright in the United States?”.
5. **Dr Ravi Mukkamala**, Professor, Old Dominion University, USA. “The Future of Computer Science”.

The discussion was monitored by **Dr Lampros A. Pyrgiotis**, President, Greek Society of Regional Scientists, Greece.

The list of events organized by the Institute is available on the Institute’s website: <http://www.atiner.gr/event>. For more information please contact Fani Balaska or Effie Stamoulara at info@atiner.gr or by phone at 210 3634210.
