PRESS RELEASE

RE: Mutual Agreement between ATINER and UASTRO

The [Athens Institute for Education and Research](http://www.atiner.gr) has signed a Cooperation Agreement with the [International University Association for Science and Technology, Romania](http://www.uastro.ro) (UASTRO), in order to promote joint academic ventures such as conferences and events, research projects and other scientific/academic activities.

ATINER was established in 1995 as an independent, world member-based association of academics and researchers. Its mission is to act as a forum where academics and researchers from all over the world can meet to exchange ideas on their research and discuss future developments in their disciplines. Athens was chosen as the meeting place because of its long history and culture. Currently, the Association has 2396 members from 115 different countries (<http://www.atiner.gr/all-members>).
